Review of Other Agencies' Documents

1. Effective this date, CRD reviewers will no longer record in the DARE system their systematic review findings of other U.S. government agency documents encountered within CIA files.

2. Reviewers will continue to read other Agency documents for CIA interest, and will record that action as follows:

a. Stamp all documents originated by other agencies with the following stamp:

Review of this document by CIA has  
determined that  
☐ CIA has no objection to declass  
☐ Background information of CIA  
interest that must remain  
classified at TS S G  
Authority: HR 70-2  
☐ It contains nothing of CIA interest  
Date \_\_\_\_\_ Reviewer \_\_\_\_\_

b. Check the information on the stamp.

c. Leave the document in its original place in the folder; do not number it. The presence of other agency documents will be noted on the review completion slip attached to each box and will be included in the total number of documents on the job-box-folder stamp on each folder.

d. Do not complete any 4023A on the review decision. Because we no longer record this type of information in the DARE system, originating component codes 700-714 are no longer required and are therefore cancelled. Codes 777 and 888 will continue in effect.
